

Welcome to J Studio !

We hope this *Look Book* helps guide and inspire you as you search for unique custom upholstered pieces.

At J Studio we believe a sofa is one of the most important purchases you will make. Since living at home often centers on the sofa, we want to make sure that it suits your client's personal needs.

Every client is unique and our custom sofas and chairs can be customized to be as individual as you are.

We look forward to making your clients dreams come true!

MAKE IT YOUR OWN

We encourage you - the Design Professional - to stamp each piece you purchase with your own design aesthetic so you can offer your clients quality furniture that is custom, well built, and completely unique.

“ You can tell a lot about a person’s character from his choice of sofa. Sofas constitute a realm inviolate unto themselves.

This, however, is something that only those who have grown up sitting on good sofas will appreciate. It’s like growing up reading good books or listening to good music. One good sofa breeds another good sofa; one bad sofa breeds another bad sofa. That’s how it goes.”

- Haruki Murakami
